Last Mile Delivery Boost

This transformation will significantly improve last-mile delivery capabilities for craftspersons, solopreneurs, self-help groups, retail startups, e-commerce majors, and large businesses.

Vast Reach

- 19,101: Number of pincodes served.
- 1.5 lakh: Post offices in rural and non-urban areas.
- 379,837: Number of letter boxes in India, which can be used as drop-off points.

Why it Matters

This revamp could unlock significant potential for businesses, particularly for entrepreneurs in remote locations, by providing efficient and reliable logistics solutions.
